GUANGZHOU WASTE MANAGEMENT DELEGATION VISIT

19th & 20th September 2007

A distinguished delegation including those listed below visited Bristol in mid-September:

- Director General of Guangzhou City Appearance, Environment and Sanitation Bureau
- Deputy Director of Bureau of Environment Protection, Luo Gang District of Guangzhou
- Director of Guangzhou Sludge Treatment Centre
- Director of Guangzhou Domestic Waste Management Centre
- Deputy Director of Guangzhou Sanitation Management Centre

During this visit, they had the opportunity to meet local companies and talk about the latest waste management technologies that the South West is gaining a reputation for. This was a topic further highlighted during discussions with Bristol's Environmental Technologies *and* Services Cluster (BETS) - covering the challenges that are facing Bristol, how we currently deal with our waste and opportunities for the future.
